

## HealthPathways is a free desktop and mobile tool:

- ✓ supporting healthcare providers at the point of care
- ✓ guiding healthcare providers in shared decision making

## Illawarra Shoalhaven HealthPathways

HealthPathways has over 380 evolving clinical pathways containing concise, evidence-based guidance on the assessment and management of health conditions.

### HealthPathways supports:

- ✓ service navigation
- ✓ assessment and management of acute and chronic health conditions
- ✓ how to refer to a range of services, including specialist, community and support services
- ✓ access to reference materials and patient educational resources.

### Potential benefits include:

- ✓ more consistent patient care and follow-up
- ✓ improved referral letters
- ✓ increased access to appropriate health services
- ✓ locally agreed and evidence-informed information
- ✓ content developed collaboratively by general practitioners, hospital clinicians and other health professionals
- ✓ it is free and funded by your local Primary Health Network (COORDINARE) and Local Health District.

### How to connect:

Visit HealthPathways [here](#) or via the QR code and register for a personal account if you don't already have one.

You can contact your local team with questions, updates or suggestions for improvement via the send feedback button at the bottom of each HealthPathway.

HealthPathways supports a whole-of-system approach to patient-centred care. For more information, or to get involved, email [ISLHD@healthpathways.org.au](mailto:ISLHD@healthpathways.org.au)
