

HealthPathways is a free desktop and mobile tool:

- ✓ supporting healthcare providers at the point of care
- ✓ guiding healthcare providers in shared decision making.

ACT & Southern NSW HealthPathways

A cross-border partnership with over 380 evolving clinical pathways containing concise, evidence-based guidance on health conditions, with content locally developed collaboratively by GPs, hospital clinicians and other health professionals.

HealthPathways supports:

- ✓ service navigation
- ✓ assessment and management of acute and chronic health conditions
- ✓ how to refer to a range of services, including specialist, community and support services
- ✓ access to reference materials and patient educational resources

Potential benefits include:

- ✓ more consistent patient care and follow-up
- ✓ improved referral letters
- ✓ increased access to appropriate health services
- ✓ less demand on acute and specialist services

How to connect:

Login to HealthPathways [here](#) or via the QR code and register for a personal account if you don't already have one.

You can contact your local team with questions, updates or suggestions for improvement via the send feedback button at the bottom of each HealthPathway.

HealthPathways supports a whole-of-system approach to patient-centred care. For more information, or to get involved, email:

- COORDINARE (SNSW) healthpathways.snsw@coordinare.org.au
- Capital Health Network (ACT) healthpathways@chnact.org.au
